Children & Youth Partnership for Dare County Training Descriptions

ITS-SIDS

Learn how to provide a safe sleep environment for infants in a childcare setting. Training is required every three years and within two months of hire for staff and volunteers, and family childcare homes providers licensed to care for infants.

Playground Safety

Playground Safety Training addresses playground safety hazards, supervision, and general upkeep of the outdoor area. It is required for all licensed child care centers, but has very helpful and important information for family child care home providers as well.

Challenging Behavior: Causes, Prevention and Intervention Strategies

Understanding the reasons a child engages in a challenging behavior is crucial to choosing a response which will successfully change that behavior. Once you can identify the meaning of the challenging behavior, you can identify a plan to change it. If you know a recipe is too bland, you can add some spice; if all you know is that it's "not right," there's not much you can do about it. Come learn about functional behavior assessments, the three essential parts of any plan for addressing challenging behavior, and a variety of intervention strategies you can use to respond to challenging behavior. *Accepted by DCDEE as 5 contact hours toward training requirements. (0.5 CEU)*

Behavioral Intervention Strategies: You Want Me to Try What?

Teachers who care for children with behavioral difficulties, often find themselves reacting in ways that reinforce the behavior and make it worse. Behavioral intervention strategies are planned responses to behaviors that help teachers prepare for situations in which past responses have not been successful. This session focuses on helping participants develop new responses to challenging behaviors using six key intervention strategies.

Managing Challenging Behaviors: The Power of Positive Relationships*

The Pyramid Model developed by the Center on the Social-Emotional Foundations of Early Learning (CSEFEL) provides a framework for preschool teachers to support the social-emotional development of young children. In this module we'll explore attitudes about challenging behaviors and the range of factors that influence a child's behavior, define the relationship between social emotional development and children's behavior, and learn a framework to enhance social emotional competence and reduce challenging behaviors, and focus on positive relationships as the crucial foundation of children's ability to learn. *Accepted by DCDEE as 5 contact hours toward training requirements. (0.5 CEU)* *This is the 1st of 3 Modules on Challenging Behavior. The first 2 modules are pre-requisites for the 3rd. Modules 2 and 3 will be offered on the 2020/2021 training calendars.

Emergency Preparedness and Response in Child Care Training

Emergency preparedness and response (EPR) rules went into effect July 1, 2015. The rules are designed to assist licensed child care programs to be adequately prepared to respond to the needs of children and others in the event of disasters and emergencies. Participants will learn more about the rules and the required emergency preparedness and response plan. This training will be offered as needed in Dare County. Please call Emily Kenyon at Children & Youth Partnership at 252-441-0614 to inquire about upcoming EPR sessions or visit www.darekids.org.
