## WOYC Celebration Activity Ideas

**Music Monday**—more than singing and dancing, it's a way to encourage children to be active while developing early literacy skills and having fun with friends and family!

**Tasty Tuesday**—isn't just about eating favorite snacks together. It's also about cooking together and connecting math with literacy skills and science while introducing ways to incorporate healthy habits into children's lifestyles.

**Work Together Wednesday**— When children build together they experience teamwork and develop their social and early literacy skills.

**Artsy Thursday**—Children develop creativity, social skills, and fine muscles with open-ended art projects that let them make choices, use their imaginations, and create with their hands.

**Family Friday**—Parents and families are children's first teachers. Family Friday focuses on engaging families to support our youngest learners.
