Children & Youth Partnership for Dare County Training Descriptions

ITS-SIDS - Infant/Toddler Safe Sleep & SIDS Risk Reduction in Child Care training. Learn how to provide a safe sleep environment for infants in a childcare setting. Training is required every three years and within two months of hire for staff and volunteers, and family childcare home providers licensed to care for infants.

Improving Classroom Quality with the ITERS-R

Would you like to gain a better understanding of the Infant Toddler Environment Rating Scale? This training will be a discussion to define what quality care looks like in an infant/toddler classroom. Participants will learn about the indicators of quality in infant and toddler settings, how the scale measures quality, and how to use the scale as a self-assessment tool. It is recommended that participants have a copy of the ITERS R.

Improving Classroom Quality with ECERS-R

This workshop will review the items and indicators as described in the ECERS Revised Edition, describe furnishings, arrangement of space, and materials recommended for a high-quality learning environment, define frequently used terms in the ECERS R, and ultimately reflect on their classroom and practices regarding the ECERS R to implement a high-quality environment. It is recommended that participants have a copy of the ECERS R.

Playground Safety

NC Child Care Playground Safety Training aims to provide you with all the necessary knowledge and tools to ensure that your outdoor learning environment will meet the North Carolina Division of Child Development and Early Education requirements and provide your children with a safe and fun environment. It addresses playground safety hazards, supervision, and general upkeep of the outdoor area. It is required for all licensed child care centers but has very helpful and important information for family child care home providers as well.

Pyramid Preschool Module 2: High-Quality, Supportive Environments

This module focuses on the practices for establishing high-quality supportive classroom environments that promote social-emotional skill development and prevent challenging behavior. Practices related to schedules, routines, transitions, promoting engagement, expectations, and rules are addressed in the workshop.

Emergency Preparedness and Response in Child Care Training

Emergency preparedness and response (EPR) rules went into effect July 1, 2015. The rules and training are designed to assist licensed child care programs in being adequately prepared to respond to the needs of children and others in the event of disasters and emergencies. Participants will learn about the rules and the required emergency preparedness and response plan. **Additional EPR training may be scheduled in Dare County as needed, upon request. Please contact Jennifer Bradshaw Garrett to schedule, jbradshaw@darekids.org , 252-441-0614, line 8.**
